INDEPENDENT AUDITOR'S REPORT
ON ADDITIONAL INFORMATION

To the Honorable Mayor, Board of Aldermen
And City Manager
City of Saint Albans, Vermont

Our report on our audit of the basic financial statements of the City of Saint Albans, Vermont for the year ended June 30, 2008 appears in a separate report. That audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Single Audit Reports are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

City of St. Albans, Vermont
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
June 30, 2008

2008 – 1 Single Audit

Material Weakness - Under SAS 112, an internal control deficiency exists when management does not possess the financial expertise to prepare financial statements in accordance with generally accepted accounting principles.

Recommendation - The auditor recommended that the City of St. Albans weight the costs of correcting the deficiency versus the benefits.

Current Status - While steps have been taken to remedy the weakness, there are still a number of journal entries proposed to management to issue an unqualified opinion.

2008 – 2 Community Development – CFDA No. 14.228

Material Weakness - The material weakness at 2008 – 1 also applies to this grant.

2008 – 3 Grants to Encourage Arrest Policies – CFDA No. 16.590

Material Weakness – The material weakness at 2008 – 2 also applies to this grant.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Board of Alderman
and City Manager
City of St. Albans, Vermont

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of St. Albans, Vermont, as of and for the year ended June 30, 2008, which collectively comprise the City of St. Albans, Vermont's basic financial statements and have issued our report thereon dated November 4, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered City of St. Albans, Vermont's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of St. Albans, Vermont's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of St. Albans, Vermont's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City of St. Albans, Vermont's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City of St. Albans, Vermont's financial statements that is more than inconsequential will not be prevented or detected by the City of St. Albans, Vermont's internal control. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency in internal control over financial reporting: 2008-1.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City of St. Albans, Vermont's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We believe that the significant deficiency described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of St. Albans, Vermont's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of St. Albans, Vermont's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit City of St. Albans, Vermont's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the audit committee, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Mayor, Board of Aldermen
and City Manager
City of St. Albans, Vermont

Compliance

We have audited the compliance of the City of St. Albans, Vermont with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The City of St. Albans, Vermont's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and question costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of St. Albans, Vermont's management. Our responsibility is to express an opinion on the City of St. Albans, Vermont's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of St. Albans, Vermont's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of St. Albans, Vermont's compliance with those requirements.

In our opinion, the City of St. Albans, Vermont complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of the City of St. Albans, Vermont is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of St. Albans, Vermont's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of the City of St. Albans, Vermont's internal control over compliance.

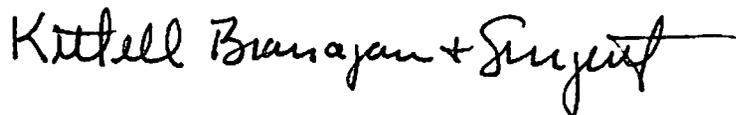

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2008-1 to be a significant deficiency.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We considered the deficiency described in the accompanying schedule of findings and questioned costs 2008-1 to be a material weaknesses.

The City of St. Albans, Vermont's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City of St. Albans, Vermont's response and, accordingly, we express no opinion on it.

This report is intended for the information and use of, management, aldermen, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

City of St. Albans, Vermont
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 June 30, 2008

- Effect - Because management lacks expertise in financial accounting and reporting, there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected under the provisions of SAS 112.
- Recommendation- To correct these deficiencies, the City of St. Albans, Vermont would need to hire personnel with adequate accounting experience to perform these functions. The City would need to weigh the costs of these corrections versus the benefits.

CORRECTIVE ACTION PLAN

U.S. Department of Housing and Urban Development

The City of St. Albans, Vermont respectfully submits the following corrective action plan for the year ended June 30, 2008.

Name and address of independent accounting firm:

Kittell, Branagan & Sargent
154 North Main Street
St. Albans, VT 05478

Audit Period: June 30, 2008

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDING – FINANCIAL STATEMENT AUDIT

2008- 1 Lack of Expertise in Financial Accounting and Reporting:

Material Weakness: Under SAS 112, an internal control deficiency exists when management does not possess the financial expertise to prepare financial statements in accordance with generally accepted accounting principles.

Criteria: According to OMB- Circular A-133, internal controls should be in place to provide reasonable assurance that permits the preparation of reliable financial statements and Federal reports. According to SAS 112, a lack of accounting expertise is considered an internal control deficiency.

Effect: Because management lacks expertise in financial accounting and reporting, there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected under the provisions of SAS 112.

Recommendation: To correct these deficiencies, the City of St. Albans, Vermont would need to hire personnel with adequate accounting experience to perform these functions. The City would need to weigh the costs of these corrections versus the benefits.

Action Taken: We acknowledge the finding but due to the size of the entity we do not believe that it would be cost effective to incur additional costs and that the costs outweigh the benefits. Management will continue to assess the need to hire additional staff to perform these functions.

FINDING – FEDERAL AWARD PROGRAMS AUDIT

2008-2 Community Development – CFDA No. 14.228

Material Weakness: The material weakness at 2008-1 also applies to this grant.

2008-3 Grants to Encourage Arrest Policies - CFDA No. 16.590

Material Weakness: The material weakness at 2008-1 also applies to this grant.
