The Department of Housing and Community Development (DHCD) is preparing to develop a new five-year consolidated plan for 2015-2020. Each year the state receives approximately \$10 million from the Department of Housing and Urban Development (HUD) that is distributed through three grant programs: The Vermont Community Development Program, the Emergency Solutions Grant Program and the HOME Program.

We want to hear from members of the general public about the needs and interests in areas related to housing, downtown improvements, health and childcare, jobs, food security as well as any remaining needs related to Tropical Storm Irene.

## **Who should attend?**

**Business owners, childcare providers, residents of public housing, senior citizens, public service providers, local housing developers, housing advocates, local food banks, small business lenders, downtown organizations and members of the general public.**

## **We would like to thank our Regional Partners:**
