

# St. Albans City Plan Survey

September - November 2023

Where would you like to see the City of St. Albans in 10 years? The City Planning Commission has started working on the 2025 City Plan, which will look out to 2033 and beyond. The City Plan provides the basis for our land use zoning rules, but it can also lay the groundwork for efforts addressing health, equity, the environment, public safety, economic development and more.
